

Find Hepatitis C care and other services near you

Use this sheet to find low-barrier hepatitis C testing, treatment and prevention services near you. The Hepatitis C Teams also provide wraparound services for health care, housing, social assistance, substance use, harm reduction and more. You can find more information at OntarioHepC.ca.

Is your community not listed? You can contact the closest team to you. Many teams cover large areas or can help you find services in your community. You can also visit WhereTo.catie.ca or call 2-1-1 (toll-free) to find local community health services.
